## Vega Salmon Manager Customer Care and Support

### Manager Customer Care & Support (m/f/d)

Join a company with success and be a vital part of Vega Salmon, an international premium producer of high-quality salmon products for the international consumer. We export to more than 30 countries and have a revenue of 150 million euros per year and has +/-600 colleagues. Enhance your career at Vega as our new CC&S Manager, a challenging role with a high touch of international characteristics, fast-track tasks and get your finger on the pulse of our commercial activities. Become a part of our team in Handewitt, leading our Customer Care & Support team!

#### Your tasks:

- Managing the Customer Care & Support team of 9 highly dedicated colleagues, coordinating and controlling our sales process at our production facility in Handewitt, Germany and one employee in our head quarter in Kolding, Denmark
- Be the interlink between Operation, Planning, and Sales
- Take part of developing our internal sales process, for a more efficient and bullet-proof system • Control and coordinate daily business and order processing
- Updating and maintaining customer data, claims, order flow, etc.
- Be a part of daily operational tasks with own customer responsibilities
- Coordination and transport booking hereof
- Project management and coordination
- Deputy planning and processing of import and export documentation
- Support the commercial organization to achieve our goals
- Securing a high customer satisfaction

#### Your professional qualification:

As a person, you are well liked and you reach your targets as a Leader by motivating your Team as a Role model being openminded, caring and you contribute to a joyful professional atmosphere.

- Successfully completed degree in business administration, materials management or comparable training or experience.
- Several years of management experience and in-depth knowledge in sales, ideally in the food industry, but senior experience within customer service, people management and coordination are key
- Strong communication skills and organizational knowledge and diplomacy • Confident handling of Microsoft Office, ideally experience with Navision (Business Central 14) • Hands on mentality, commitment, and quick perception
- High level of sense of urgency
